Sure-Cote Line-marking Aerosols

**SPORTS
COATINGS**
TECHNOLOGY AT YOUR FEET

Standard Colours

The colour of the applied coating may differ from the above representation. Contact our Technical Service Department if an accurate sample is required.

Description

Utilising highly effective solvent-based acrylic technology, **SURE-COTE** is an aerosol-based paint specially formulated for general purpose marking.

SURE-COTE will provide markings on surfaces that are subject to normal levels of activity. Its formulation also ensures rapid drying.

Incorporating special pigments to ensure optimum brightness, **SURE-COTE** markings will remain visible for the lifetime of the paint.

SURE-COTE's xylene-free formulation means the paint has a low odour.

Uses

SURE-COTE is suitable for use on hard and soft surfaces, including natural grass, synthetic grass, tarmac and concrete.

SURE-COTE is an excellent marking paint for sports surfaces, playgrounds and car parks. Temporary road markings can also be made with **SURE-COTE**, together with spot markings to indicate "Ground under Repair" on all manner of hard and soft surfaces.

SURE-COTE's rapid drying formulation is ideal for minimising site downtime.

SURE-COTE is available in seven standard colours: white, green, blue, red, black, orange and yellow.

Surface Preparation

To ensure adequate adhesion, surfaces must be clean, dry and free from any loosely adhered material.

Application

SURE-COTE is designed to be applied by hand or by 4-wheel and 2-wheel trolleys (both these trolley types are available from **Sports Coatings**).

Application Conditions

SURE-COTE should only be applied in fine, dry weather and when these conditions are likely to prevail for 1-2 hours following application.

Drying Time

Approximately 1 hour at 20°C.

Packaging

750ml cans

Coverage

100 linear metres/aerosol at a line width of 50mm.

Note: coverage will vary depending on substrate porosity, application temperature and technique.

Shelf Life

SURE-COTE has a shelf life of approximately 12 months.

Storage

Store at a temperature between 5°C and 30°C.

Health and Safety

SURE-COTE is a solvent-based paint and has attendant health and safety implications. For more detailed information please refer to **SURE-COTE**'s current Material Safety Data Sheet.

Further Information

To ensure you are specifying or applying a fit for purpose aerosol paint, please contact our Technical Services Department.
